Job Title: Senior Manager, Compliance
Received Date: 4/4/2023

Response Date: 4/7/2023

Question 08:

On p. 391 of your 2023 WMP, SCE states regarding the Senior Specialist Oversight Project that “based on the effectiveness of the PWV [post-work verification], it will be formalized across the service area but first quarter 2023.”

- a) What does “it” refer to in the sentence quote above?
- b) How does SCE analyze the data from the abovementioned post-work verification?
- c) Please provide and describe how SCE measures the effectiveness of the abovementioned post-work verification.
- d) Please provide all available documentation (reports, workpapers, etc.) that demonstrate the effectiveness of the abovementioned post-work verification.

Response to Question 08:

- a. “[I]t” refers to Post Work Verification (PWV) by Vegetation Management (VM) Senior Specialists (SSPs) of the pre-inspection process performed by SCE contractors. PWV of pre-inspection was formalized in Vegetation Management’s oversight procedure UVM-07, “Post Work Verification and UVM Program Oversight,” Version 7, issued on February 10, 2023. Please refer to SCE’s response to question 2 for additional information.
- b. SSPs and VM leadership reviewed the results of the SSP Oversight Project during periodic meetings. SCE observed a downward trend in the percentage of over-prescriptions and missed trees.
- c. SCE measured the effectiveness by an overall reduction in over-prescriptions and missed trees.
- d. Please see the table provided in SCE’s response to question 2.
