DATA REQUEST SET E P U C - S C E - 0 0 1

To: EPUC
Prepared by: Ryan Stevenson
Job Title: Senior Advisor
Received Date: 2/20/2019

Response Date: 2/25/2019

Question 1-3: Please provide at December 31, 2017, by FERC Account, the dollar amount of assets recorded on the Company's books as transmission, along with the accumulated reserve for depreciation, treated as distribution, and subject to CPUC regulation and cost recovery in CPUC proceedings.

Response to Question 1-3:

SCE objects to the question as irrelevant, overbroad, and unduly burdensome. SCE's assets in 2017 and their associated depreciation reserves, and not within the scope of this proceeding. This proceeding relates to the approval of SCE's 2019 Wildfire Mitigation Plan, and the programs and activities stated therein. SCE further notes that transmission assets are generally subject to FERC cost recovery jurisdiction.
