**NOTICE OF ADDITIONAL REQUEST
SCE’s Request to Increase Electric Rates
APPLICATION A.19-08-013 – Track 4**

Why am I receiving this notice?

This customer notice is required by the California Public Utilities Commission (CPUC). The amount of additional revenue requested by Southern California Edison (SCE) and the subsequent impact on monthly electric rates is not final and, if authorized by the CPUC as requested by SCE, would not take effect until January 1, 2024 at the earliest.

On May 13, 2022, Southern California Edison (SCE) submitted an additional request in its 2021 “General Rate Case” (GRC) to the California Public Utilities Commission (CPUC) to authorize additional revenue requirements for a fourth year that was added to the 2021 GRC cycle, i.e., 2024. This represents an increase of \$971.3 million compared to SCE’s revenue requirement of \$7.667 billion already authorized for 2023. This is known as “Track 4” of the 2021 GRC. If SCE’s request is approved by the CPUC, your monthly bill will be impacted.

Why is SCE requesting this rate increase?

- Every four years, SCE must file what is known as a GRC application with the CPUC. GRCs set rates that customers pay to fund SCE’s day-to-day operations, including maintenance for its equipment and electricity grid upgrades. SCE filed its 2021 GRC Application in August of 2019, which set GRC rates for 2021-2023.
- The purpose of SCE’s recent “Track 4” submission is for SCE to cover its GRC-related costs for calendar year 2024. This includes costs for SCE’s employees to inspect and repair poles and distribution lines and for vegetation management activities intended to reduce wildfire risk.
- SCE’s Track 4 request relates only to calendar year 2024.

How could this affect my monthly electric rates?

If SCE’s rate request is approved by the CPUC, the average non-CARE residential monthly bill using 500kWh per month would increase by approximately \$9.38 or 6.2% per month, and the average CARE residential customers would see approximately \$6.34 or 6.2% increase in their monthly bill starting in January 2024.

Residential Bill Impact (\$/Month)

Non-CARE residential bill	\$150.15	\$9.38	\$159.54	6.2%
CARE residential bill	\$101.60	\$6.34	\$107.95	6.2%

The rates and percentages shown above are averages and are not the exact changes you may see in your bill. Changes in individual bills depends on how much energy each customer uses.

SCE understands that rate increases are challenging for many of its customers. The company offers [money-saving tools and programs](#) including payment arrangements and extensions, one-time bill assistance from the [Energy Assistance Fund](#) of up to \$100 (\$200 for all-electric homes) and debt forgiveness for qualified residential customers enrolled in [California Alternate Rates for Energy](#) (CARE) or [Family Electric Rate Assistance](#) (FERA) programs. How does the rest of this process work?

SCE's Track 4 request has been assigned to CPUC Administrative Law Judges who will consider proposals and evidence presented during the formal hearing process. The Administrative Law Judges will issue a proposed decision that may adopt SCE's request, modify it, or deny it. Any CPUC Commissioner may sponsor an alternate decision with a different outcome. The proposed decision, and any alternate decisions, will be discussed and voted upon by the CPUC Commissioners at a public CPUC Voting Meeting.

Parties to the proceeding are currently reviewing SCE's request, including the Public Advocates Office. The Public Advocates Office is an independent consumer advocate within the CPUC that represents customers to obtain the lowest possible rate for service consistent with reliable and safe service levels. For more information about the Public Advocates Office, please call **1-415-703-1584**, email PublicAdvocatesOffice@cpuc.ca.gov, or visit PublicAdvocates.cpuc.ca.gov.
